Subject: UTC Aerospace Systems (UTAS) Approved Special Process Accreditation

Dear Ms. BRUMMEL,

UTC Aerospace Systems a division of United Technologies Corporation (UTC) is pleased to inform you that your facility has recently been re-accredited to perform certain manufacturing special processes in accordance with applicable process specifications. This accreditation status is extended until your next review, which will be scheduled no later than **December 12, 2021 (4 YEARS FROM DATE)**.

After successfully completing a recent survey of your company, UTC Aerospace Systems is pleased to classify you as an accredited supplier for the applicable processes listed on the attached Report # 70.

UTC Aerospace Systems as well as United Technologies Corporation continue to recognize the value of Nadcap and have set an expectation that all special processing facilities maintain Nadcap accreditation for required special processes. The benefit of having Nadcap accreditation allows UTC Aerospace Systems to grant approval without the need for onsite survey. Your Company commitment to participation in this program and maintaining Nadcap accreditation is an expectation of UTC Aerospace Systems and will be monitored as part of your ongoing process approvals.

As such, we rely heavily on the integrity with which your system is implemented. Your effort and responsiveness to the importance of providing goods or services on schedule, at a competitive price, and compliant to our quality requirements are essential to the maintenance of your accreditation status and our combined competitive position.

Our sincere congratulations are extended to you and your personnel and our expectations are for your continued success.

Very Truly Yours,

Sergey Yesilevich
